the attached is a rough first draft. is this what you are looking for? If you want a summary of the CM's positions and initiatives w/regard to the homeless, Nick or Sarah would be more help than me.

If this is the right direction, I'll add emergency food, soup kitchens, and mental health accessible by people in the 4th.

My guess is that the Deputy's and neighborhood advocates will have additions as well.

Hi Marc -

Sorry for the delay - when I originally asked, it was because Nick was speaking at homelessness forum last Thursday and I thought it was a handout we had already had/was in progress. But this could be a great resources listing as well, just haven't reviewed it yet. Will take a look today
